NB: the court refusals to provide services, the court closures, the refusals to do judicial review of statutes, dishonest court and court staff immunities from the Constitution, and dishonest uses of “frivolous” are violations of the U.S. Constitution and just plain common sense. Art. III (courts must exist and be open); First Amendment (courts must allow use of the courts and not refuse or insult people who petition for a decision); Fifth Amendment “Due Process”: (courts must act fairly and not abuse those who file cases or pleadings).
